

Core C++ 2019

Call for Sponsors

May 14-17, 2019 :: Tel Aviv, Israel

From medical devices and flash storage to CPUs and advanced navigation systems, Israeli innovation pushes the boundaries of the imagination. Advanced software is at the heart of many of these systems, and when it comes to bare-metal performance, low power consumption, high speed responses and massive scalability - C++ is king.

Core C++ is a new C++ conference taking place at the Academic College of Tel Aviv-Yaffo in Israel. The conference is aimed at C++ developers and practitioners as well as academic researchers and teachers who wish to be updated by the newest developments of C++ and present their work with C++.

The Core C++ conference is a non-for-profit, community-based and community-facing event. All income from sponsorships and tickets will be used to cover the conference expenses.

Exposure

- We expect to welcome about 200 attendees, mostly from Israel
- The main conference will feature 15-20 local and international speakers
- The conference will take place at the Academic College of Tel Aviv-Yaffo during the spring semester and provide exposure to hundreds of students.
- The Core C++ Users Group (meetup.com/CoreC++):
 - Over 600 members
 - Over 800 followers on Twitter (@corecpp)
 - Over 200 YouTube subscribers (CoreCppIL)
 - Regular social media updates also include Facebook and LinkedIn
- The Haifa::C++ User Group (meetup.com/haifa-cpp):
 - Over 470 members
- All the talks will be recorded on video and posted online.
